

// WINTER August 2011

WELCOME TO OUR NEW E-NEWSLETTER!

Welcome to our new electronic newsletter. At Williamson International we are constantly working to improve the service to our valued customers. Not only will we be doing something positive for the environment by eliminating the paper format, but, with this initial mailing we would like some input from you so that we can formulate our future newsletters. This year has had a very memorable start to many of you, and it's amazing to see just how quickly the financial year is coming to a close.

This month

Environmentally friendly stationary and products. Great for marketing

- Stationary
- Journals
- Calculators
- Clocks
- Solar radios
- Solar flashlights
- Pen holders
- Phone holders

Handy Tips

When trying to remove a stain it is necessary to know three things the type of material in which the stain occurs; the nature of the stain; the properties of the solvents used to remove them. To avoid permanent damage

// Alcohol stains

Wash in cool, soapy water, with few drops of ammonia added. Rinse well in lukewarm water.

// Coffee & Tea stains

Stretch stained material, dampen with water, sprinkle with borax, then pour boiling water through. Leave to soak in the solution, then rinse and launder.

// Food grease stains

Apply talcum powder immediately to the area, leave to dry for 5 minutes, then brush off OR alternatively cover with brown paper and press with a hot iron; the paper will soak up the grease

Communication with Williamson International

As many of you will be aware, more and more of our communication systems are developing online. Newsletters, order confirmations, and special orders are now being sent by email to most of our customers, and orders placed by email or via our website are more reliable than faxes and our preferred method of receiving orders. If you would like to start ordering online please log onto our website and register.

If you would like any further information on any of this please do not hesitate to contact us here, or any of the following:

- John Williamson sales@williamson.com.au
- Dennis Reiken dennis@williamson.com.au
- Gayle Petrie gayle@williamson.com.au
- Audi Mutch andrea@williamson.com.au
- Viktoria Seehaver viktoriam@williamson.com.au
